ABDULLAH AHMED

Developer & Engineer

📞 (469) 428-1940 ✉ abdullahahmedpk18@gmail.com ⌨ abdulahmd 🔗 Abdullah Ahmed

OBJECTIVE

Creativity, resilience, and curiosity give momentum to my interest in engineering, physics, and computer science. I hope to work with experts in AI and Engineering in ISM to create paths for other young engineers to reach solutions beyond their dreams.

EDUCATION

Independence High School
Class of 2025

- 4.0 UW 1500 SAT
- AP Calculus BC, AP Computer Science A, Computer Science 3, AP Physics
- Gifted & Talented Program

SKILLS

- Programming (Java, Python, SQL, ReactJS, Flutter)
- AI (Machine & Deep Learning)
- Robotics-Engineering
- Web Development
- CAD

AWARDS

- AP Scholar with Distinction
- NRSTA Award
- FTC Regional & State Awards
- TSA Video Game Dev Awards
- TSA Webmaster Awards

EXPERIENCE

Head Robotics Programmer
Marvels of ICQC 2023 to Present

- Used Java to create a robot meeting specific tasks
- In charge of Computer Vision and Control Systems
- Won numerous awards at Qualifying, Regional, and State Level
- 2nd Place CRI (Off season International Event)
- Spent the summer teaching 20 new students robotics
- Created documentation to ease the learning curve

App & Web Developer
Salam Labs 2021 to Present

- Helped with Non-profit Islamic App development
- 20k+ Users
- Began as beta tester, then became developer
- Article Module Maintenance

Coding Instructor
Code Ninjas 2021 to 2023

- Taught Python & Lua to elementary school students
- Taught Unity to middle school students
- Maintained 3D printer processes and taught tinkerCAD

Head Tech Lead
Science Research & Applications Club 2022 to Present

- Developed Website hosting research information
- Performed my own research in technological field
- Aiming to bring other high schoolers into research

Co Chairman
Inventasite 2021 to Present

- Developed websites for local organizations
- Created FTC & SRA Website for our school
- Created docs for ease of App & Web Deployment

SAT Tutor
School House June 2023 to July 2023

- Certified Digital SAT Math and Reading Tutor
- Held sessions with 10+ students on Saturdays to hone in on SAT skills and review
